

Teacher's Notes

- Symmetrical drawing should be as accurate as possible.
- Have students labeled the body parts?

Suggested Activities:

- ❖ A proper skeleton would be ideal for students to see how it is structured.
- ❖ Tape butcher paper or other similar paper together to make it large enough for a child to lie on. Trace around the body and hang the poster on the wall. Draw a skeleton on the body poster.
- ❖ Discuss what is needed for strong healthy bones. (Exercise, food etc.)
