Americans are the people living in the USA. Many Americans came from Europe. Some came from Africa. They were brought in as slaves. The slaves were set free by 1865. Spanish speaking people came from Mexico and Puerto Rico. There are also American Indians in the USA. American football and baseball are very popular sports in the USA and people in other countries are playing them as well now. An American was the first man to walk on the moon. Do you know who the astronaut was?
