

Name: _____

Two eyes are better than one

Have you ever wondered why you have two eyes?

They say that two eyes are better than one. Let's see if that is true by playing a simple game.

Choose another student to be your partner.

You will need:

- *Stiff, black paper*
 - *Scissors*
 - *Long ribbon*

Task 1

Cut out an eyepatch using stiff, black paper.

Make a small hole on either side of the patch.

Thread a ribbon through the eyepatch so you can tie it around your head.

Task 2

Ask another student to throw a soft ball to you 20 times.

How many times did you catch the ball?

Write your answer here

Task 3

Now place the eyepatch over one of your eyes and try to catch the ball.

Try it 20 times. How many times did you catch the ball this time?

Write your answer here

Did you notice that you see better with two eyes? Your eyes are very important and you should look after them. Write a short story how you can look after your eyes. Can you tell what is bad for your eyes ?
