

Teacher's Note

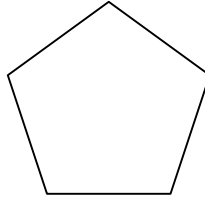

- Check student's even and odd numbers
-

hexagon

cylinder

pentagon

Suggested Answers:

- ❖ Ask students to observe the different shapes around them. How many can they mention or write down?
- ❖ Ask students to draw many different geometrical shapes.
- ❖ Mention any large number and ask students if it is an even or odd number. E.g. 220, 414, 301, 300.
