

Teacher's Note

- Check students drawing. Did they draw 15 colourful legs on each side? 30 legs in total. Lots of bright yellow eyes. At least 50 black spikes? Two large red fangs coming from its mouth?

Suggested Activities:

- ❖ Display the drawings on the wall or window.
- ❖ Make a large monster as described in the worksheet from recycled materials.
- ❖ Can students calculate what you read out to them? E.g. Add 4 legs with 5 eyes and take away 3 spiders. What is the number? Answer 6.
