

Teacher's Note

- Bike, car, computers, iron, jet, motor, plane, pump, radio, rockets, satellite, space shuttle, telescopes, trains, trucks, x-ray machine.
- Help students collect recycled or waste material to build a toy car.
- The 22 left over letters spell: 'Technology is a lot easier.'

Suggested Activities:

- ❖ Build one large toy car or billy-cart as a class project.
- ❖ Discuss the difference in living standards from 1900 - 2001. Obtain library books with older style photo's depicting the earlier era to show students.
- ❖ Organise a play where students are stranded on a deserted island. How well would they cope without all the luxuries?
- ❖ Make a picture poster with lots of technology pictures obtained from old magazines.
- ❖ Visit: <http://www.ecwa.asn.au/resguide/scitech.html>
- ❖ Visit Space on the net at: <http://www.lisa.org.au/>
