

Name _____

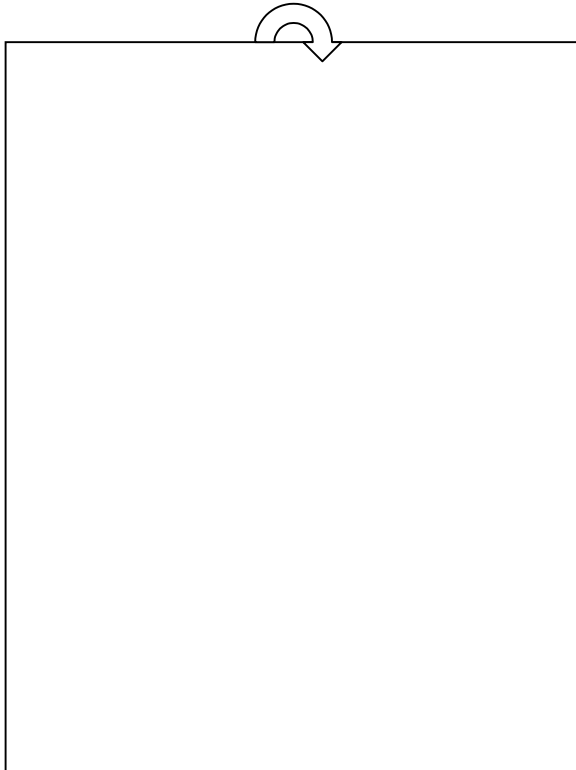

CAKES & COOKIES

Do you like baking cakes or cookies? Maybe you have baked a cake before and learned how to measure the ingredients for your cake.

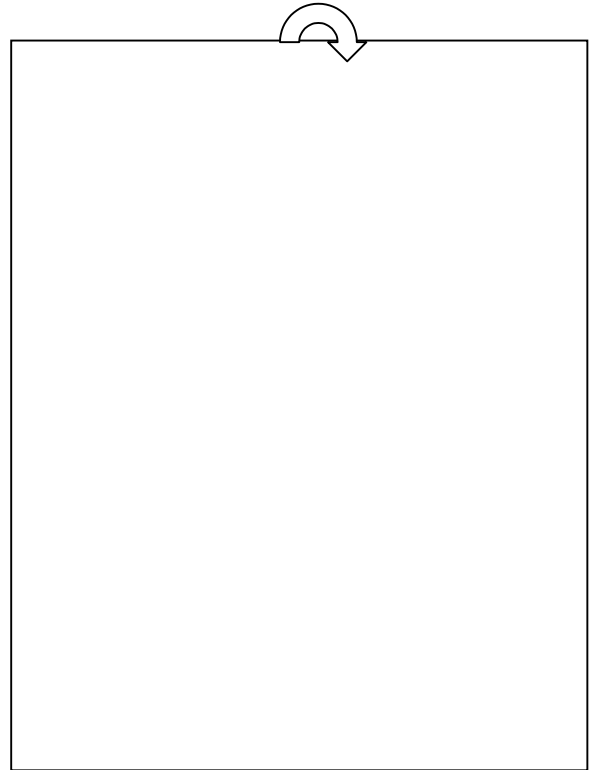

- ✓ What ingredients would you use?
- ✓ Estimate or guess what you might use and how much. Would you use a cup, teaspoon or a pinch of something?
- ✓ Describe how you would make a banana cake.

After you have written your estimated recipe, find a recipe book that has a recipe for a banana cake in it. Write it down and compare it with yours.
