# MUSIC

What is an orchestra?

---

---

Percussion instruments are mainly played by striking the instrument with the hand, sticks or hammers.

**Draw one of the instruments mentioned in the list below.**

Woodwind instruments used to be made out of wood. Now they are often made out of metal, such as the flute. Wind is used to play these instruments.

A music instrument which has strings, is called a stringed instrument.

Brass music instruments are of the wind instrument family. They are made of brass.

*Write the music instrument under the correct heading.*

violin, flute, trumpet, xylophone, guitar, clarinet, tuba, drums, saxophone, harp, triangles, cello, oboe, horn, trombone, tambourine.

| STRINGED | WOODWIND | BRASS | PERCUSSION |
|----------|----------|-------|------------|
|          |          |       |            |
|          |          |       |            |
|          |          |       |            |
|          |          |       |            |
