

Name: _____

Feeling Blue ?

Above is written a colour. What you need to do is to think of this colour and what it means to you. What does it represent to you? Does the colour remind you of something or somebody? Is it good, bad, happy or sad. Does it make you feel uncomfortable or at peace?

Take notes on what this colour means and represents to you. After you have taken your notes, draw a picture based on your notes. This is not an exercise in colour but in interpreting your ideas and expressing them through your drawing.

NOTE:

- ❖ *Your picture must be done in black pencil only.*
- ❖ *Use this sheet for your notes and another blank sheet for your drawing.*

I always feel
blue on Monday
morning.
