

Name _____

Pitcairn Island

Pitcairn Island is a British colony in the South Pacific Ocean and includes the uninhabited dependent islands of Oeno, Henderson, and Ducie along with the main island of Pitcairn. The capital city is Adamstown. Oranges, bananas, pineapples and coconuts are grown on this tiny island of only 4.5 sq km (1.7 sq miles).

What does it mean when we talk about a British colony? _____

Place the following islands in alphabetical order.

Oeno Henderson Ducie Pitcairn

--	--	--	--

Convert 4.5 km² into the following measurements:

m ²	cm ²	mm ²
----------------	-----------------	-----------------

What other words can you make using the letters in 'Adamstown'?
