

Internet open-ended technology/english/history

Name: _____

The history of warfare is richer than it ought to be however; history is there for you to learn and with the aid of the Internet it should be rather interesting. It doesn't matter if you are keen to find out more about the Roman Empire and the Rise of the Barbarians or the Challenge from the East. There is history on the social and military aspects of knighthood and of course the famous crusades. You can also delve into the renaissance or explore modern warfare. Whichever area you choose your task is to locate information about your chosen topic from the Internet and prepare a document on it for presentation. There is a list of topics to choose from below but you can choose one of your choices if it is not in the list. Make sure you 'safe-surf' on the net!

- The Roman Empire
- Knighthood
- The Crusades
- The Teutonic Order
- The Renaissance
- The rise of Prussia
- Hannibal
- Napoleon
- World War I
- World War II
- Modern Warfare
- Nuclear Warfare
