

Name _____

Jules Verne

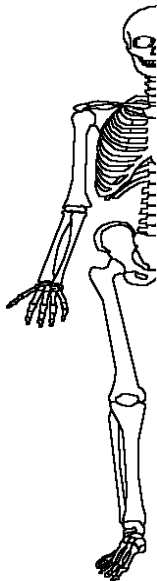

Jules Verne was a science fiction writer. He was born in 1828 and died in 1905. His popular books are still readily available, including *Journey to the Centre of the Earth*, *Around the World in Eighty Days* and *20,000 Leagues Under the Sea*.

Your task

Find out more about Jules Verne and give a brief description of this Science Fiction writer. Explain what science fiction is and if in some instances it has become reality. Give an example if you can.

Locate one of Jules Verne's books and give a short detailed description of the book. You may have to read the whole or part of the book if you haven't done so already.

Draw a picture which depicts part of Jules Verne's book you described above.

Not so long ago people would not have thought it possible to see a skeleton on a picture, to them it was science fiction. X-rays are part of our lives now.

Draw the other halve.
