

Name: _____

PARTY-TIME

It was Monica's birthday and she invited 17 children. Her mum decided to play some maths games. Could you answer the questions Monica's mum asked the children?

1. How many children in total are at the party? _____
2. How many people in total are in the room? _____
3. How many fingers and toes are in the room? _____
4. How many eyes are in the room? _____
5. If seven children left the room how many feet would be left in the room?

6. If four more children left the room how many ears would be left in the room?

7. If eight children came back in the room how many arms would be in the room? _____
8. How many children are still outside the room at this stage? _____
9. How many children would go in each group if you split the group in three groups?

10. How many children would go in each group if you split the group in six groups?

In the box below draw mum's face and all the children's faces.
