

Name: _____

THE

EMU

Emus are wonderful creatures. Did you know they are very curious too? Maybe you have seen an emu in the wild when you went for a bush drive or when you went on holidays. If you haven't you are sure to find one in the zoo or in a native wildlife park. Emus are omnivorous. After the mother emu lays her eggs the father emu sits on them and hatches them. He will look after those chicks until they are old enough to look after themselves. He is very dedicated.

Below are two questions and three tasks for you to do.

Question 1.

What does *omnivorous* mean? _____

Question 2.
