

Answer Key – Litter

Waste/litter that can come from a car:

- drinking cans
- fast food packaging
- cigarette butts/packages
- toys
- plastic bags and paper
- tools
- rubbish that hasn't been properly tied down
- cardboard boxes
- oil
- petrol
- diesel
- engine additives
- grease
- glass
- metal
- rubber
- cloth etc...

Outcomes:

English – reading, writing

Environment – learn how litter affects native animals

Art – Colouring in and drawing

Suggested Activities:

Walk along a road verge and write down all the rubbish you spot. (If possible pick it up)

Make a poster on how you can minimise litter/waste
