

Teacher's Note

- Check student's work for correct spelling.
- Encourage students to write unusual words and using four letters or more per word.

Suggested Activities:

- ❖ Divide class in small groups. Ask each group to write as many animals as they can think of starting with the letter B or any other letter you choose. (E.g. bat, bear, beaver) Repeat by asking them to write down anything found in nature starting with the letter S. (E.g. sand, stone, soil.) Make a list beforehand so you know what questions you are going to ask them and write a few answers down for your reference. Ask for tools, plants, minerals, colours, toys, rivers, cities, countries, names etc.
